Technical Information

Product Code A005

ALLY - CLEAN
ACIDIC ALUMINIUM CLEANER

ALLY-CLEAN is a specially formulated acid cleaner for the removal of scale and aluminium oxide from vehicle aluminium bodies. The aggressive acid blend rapidly dissolves and removes road dirt, corrosion salts and oxide, leaving a clean, bright aluminium surface.

POWERFUL ACIDIC CLEANER

CAN BE DILUTED FOR ECONOMY

ADDED WETTING AGENTS HELPS RINSING

REMOVES OXIDE FILM FROM ALUMINIUM

DIRECTIONS FOR USE

Dilute 1 part ALLY-CLEAN with up to 15 parts water. Only apply to wetted surfaces, starting at the bottom edge and working upwards section at a time using a brush. ALLY-CLEAN must not be applied by spray. Rinse or pressure wash off thoroughly with water. Regular cleaning with dilute solutions of ALLY-CLEAN will prevent build up of oxide layer and preserve the appearance of the aluminium.

CAUTION:

Take precautions to avoid contact with eyes and skin and to prevent inhalation or ingestion of this product.

Always wear suitable protective clothing, gloves and eye protection when using ALLY-CLEAN.

Your attention is drawn to the 16 part Safety Data Sheet for further details.
